

Preliminary Draft Programme WAMM 2019

WEDNESDAY 13TH NOVEMBER 2019	
Beurs van Berlage	
11:30-12:30	Workshops and Simulation Registration
12:30-18:00	Workshops and Simulation

Preliminary Draft Programme WAMM 2019

THURSDAY NOVEMBER 14TH 2019	
Beurs van Berlage	
	Scientific Programme (Plenary Hall, Ground Floor)
08:00 - 09:00	Registration Ground Floor Foyer
09:00 – 09:30	Welcome Address <i>Ellen O'Sullivan (Ireland)</i> <i>Elizabeth Behringer (USA)</i> <i>Anil Patel (UK)</i> <i>Richard Cooper (Canada)</i> <i>Tino Greif (Switzerland)</i>
09:30 – 11:00	Session 1 - Human Factors & Safe Airway Management: an interactive symposium <i>Mark Stacey (UK)</i> <i>Nick Chrimes (Australia)</i> <i>Alan Merry (New Zealand)</i> <i>Adam Rehak (Australia)</i> <i>John Sakles (USA)</i>
11:00 -11:30	Tea & Coffee/Exhibition Exhibition Halls 1&2 Poster Judging / Plenary Lecture Hall Alcoves
11:30 - 12:45	Session 2 – Management of the Full Stomach in 2019 Chair: Carin Hagberg
11:30-11:50	Identifying the full stomach - the role of gastric ultrasound <i>Peter Van de Putte (Belgium)</i>
11:50-12:10	The place of Cricoid Pressure / positive pressure ventilation in 2019 <i>Max Sorbello (Italy)</i>
12:10-12:30	Ethical, medical and legal implications <i>Tim Cook (UK)</i>
12:30-12:45	Discussion
12:45 -14:00	Lunch (Exhibition Halls 1 & 2) Poster Judging (Plenary Lecture Hall, Ground Floor) Lunch Time Symposia (1 st Floor, Lunch will be served in session rooms)

14:00 -15:30	Session 3 - Oxygen Friend & Foe Chair: Elizabeth Behringer
14:00-14:25	Oxygenation and THRIVE <i>Anil Patel (UK)</i>
14:25-14:50	Can there be too much oxygen prior to intubation and extubation? <i>Dan Martin (UK)</i>
14:50-15:15	Intravenous oxygen: the concept, the science, and the translational pathway <i>John Kheir and Brian Polizzotti (USA)</i>
15:15-15:30	Discussion
15:30 -16:00	Tea & Coffee/Exhibition Exhibition Halls 1&2 Poster Judging / Plenary Lecture Hall Alcoves
16:00 -17:30	Session 4 - Improving Airway Proficiency - Learning Opportunities Chair: Lorraine Foley
16:00-16:20	Technology Enhanced Learning <i>Paul Baker (New Zealand)</i>
16:20-16:40	Airway Leads – Why? <i>Alistair McNarry (UK)</i>
16:40-17:00	Simulation - the magic bullet in airway education <i>Tino Greif (Switzerland)</i>
17:00-17:20	Airway courses
17:20-17:30	<i>Adam Law (Canada)</i> Discussion
17:30 -18:00	Opening Ceremony: (Plenary Hall, Ground Floor) Celebrating WAMM 2019 <i>Ellen O'Sullivan</i> <i>Elizabeth Behringer</i> WAMM Executive Directors <i>Followed by complimentary Welcome Reception in Exhibition area</i>

Preliminary Draft Programme WAMM 2019

FRIDAY 15 NOVEMBER 2019

	Scientific Programme (Plenary Hall, Ground Floor)	
08:30 – 09:00	Chair: Barry McGuire Difficult Airway Society Guidelines for Awake Tracheal Intubation (ATI) in Adults <i>Kariem El-Boghdadly (UK), Imran Ahmad (UK)</i>	
09:00–10:30	Session 5 - Society Sponsored Keynote Lectures Chairs: Lauren Berkow, Barry McGuire, Michael Seltz Kristensen	
09:00-09:25	Ovassapian Memorial Lecture Can we agree about what we're looking for in Airway Outcomes? <i>Richard Cooper (USA)</i>	
09:25-09:50	DAS Professor Lecture Obstetric Airway Management; Past, Present & Future! <i>Mary Mushambi (UK)</i>	
09:50-10:15	EAMS Scientific Lecture History of airway management and airway device development <i>Giulio Frova (Italy)</i>	
10:15-10:30	<i>Discussion</i>	
10:30 – 11:00	Tea & Coffee/Exhibition Exhibition Halls 1&2 Poster Judging / Plenary Lecture Hall Alcoves	
11:00 - 11:45	Chair: Anil Patel Session 6 - Debate 1 Difficult airway = Awake Tracheal Intubation (ATI) Pro - <i>Imran Ahmad (UK)</i> Con - <i>Irene Osborn (USA)</i> Discussion	11:00-12:30 Expert Sessions 1 (1st Floor) 1.2 Extubation in the high risk patient- management and planning for failure 1.9. Ultrasound for the safer management of the airway 1.5 How to get your work published - strategies and pitfalls 1.20 Jet ventilation and laser safety in shared airway surgery 1.10 Updates in anaesthesia for Thoracic surgery / one lung ventilation 1.4 Oxygenation: new modalities, evidence and perspectives 1.3. Lessons learned from building and analyzing large datasets from 3 Countries
11:00-11:15 11:15-11:30 11:30-11:45	Chair: Anil Patel Session 6 -Debate 2 Succinylcholine is outdated? Pro - <i>Ellen O'Sullivan (Ireland)</i> Con - <i>Pierre Bradley (Australia)</i> Discussion	
11:45-12:30	Chair: Anil Patel Session 6 -Debate 2 Succinylcholine is outdated? Pro - <i>Ellen O'Sullivan (Ireland)</i> Con - <i>Pierre Bradley (Australia)</i> Discussion	
11:45-12:00 12:00-12:15 12:15-12:30		
12:30 -13:45	Lunch (Exhibition Halls 1 & 2) Poster Judging (Plenary Hall, Ground Floor) Lunch Time Symposia (1 st Floor, Lunch will be served in session rooms)	

<p>13:45-15:15</p> <p>13:45-14:05</p> <p>14:05-14:25</p> <p>14:25-14:45</p> <p>14:45-15:05</p> <p>15:05-15:15</p>	<p>Session 7 - Emergency Airway Practise Chair: Hans Huitink</p> <p>Why is ER airway practise different? <i>Richard Levitan (USA)</i></p> <p>Airway management during resuscitation <i>Jasmeet Soar (UK)</i></p> <p>Pre-hospital trauma airway management - no longer the poor relative <i>David Lockey (UK)</i></p> <p>Airway Management during Mountain Rescue <i>Lorenz Theiler (Switzerland)</i></p> <p><i>Discussion</i></p>
<p>15:15 -15:45</p>	<p>Tea & Coffee/Exhibition Exhibition Halls 1&2 Poster Judging / Plenary Lecture Hall Alcoves</p>
<p>15:45-17:00</p>	<p>Session 8 - Airway education – A global perspective Chairs: Huafeng Wei, Tino Greif</p> <p>China - <i>Wuhua Ma</i> South Africa - <i>Ross Hoffmeyer</i> Brazil - <i>Daniel Perin</i> India - <i>Sheila Myatra</i> Middle East - <i>Nabil Shallik</i></p>
<p>17:00-17:45</p>	<p>Session 9 – Keynote Address Introduction: Ellen O' Sullivan Keynote: Fly me to the Moon Kevin Fong OBE (UK)</p>
<p>19:30 - Late</p>	<p><i>WAMM 2019 Gala Evening Dutch Opera House & Ballet</i></p>

Preliminary Draft Programme WAMM 2019

SATURDAY 16 NOVEMBER 2019

	Scientific Programme (Plenary Hall, Ground Floor)	Expert Sessions and Innovation Session (1 st Floor)
08:45 – 10:30	Session 10 - Top 12 Oral Abstracts Chairs: Alistair McNarry, Carin Hagberg	08:45-10:30 Expert Sessions 2 (1st Floor)
08:45 -08:53	The Difficult Airway Response Team Program: A 10 Year Follow-up <i>Robert Chu</i>	1.20 The tracheostomy patient – how to trouble shoot and plan airway management
08:53-09:01	Virtual Reality Simulation to Teach Videolaryngoscopy: A Preliminary Validation Study <i>Patrick Schoettker</i>	1.2 What's new in Obstetric airway management
09:01-09:09	Pressure in the Airway Under Apnoeic Oxygenation with Different Nasal Flow Rates: An RCT <i>Julian Meyer</i>	1.4 Is the Videolaryngoscope a necessity and not a luxury? Advances and novel uses of VL in current practice
09:09-09:18	Evaluation of a Tissue Super Obese Emergency Front of Neck Access Model using Scalpel-Bougie-Tube Technique <i>Sunil Kumar Chauhan</i>	1.8 Novel methods of ventilation?
09:18-09:26	Evaluation of the McGrath MAC™ and Macintosh Laryngoscope for tracheal intubation (EMMA-Trial) <i>Marc Kriege</i>	1.6 SHANA Head & neck session -
09:26-09:34	Elective Tracheostomy Versus Delayed Extubation for Postoperative Airway Management After Major Head and Neck Oncosurgery <i>Jigeeshu Divatia</i>	1.10 Training the trainers in airway management
09:34-09:42	Who Should Perform Emergency Surgical Cricothyroidotomy: Head & Neck Surgeon, General Surgeon or Anaesthetist? <i>Natasha Hettiarachchi</i>	1.5 Best practice for airway equipment: High level disinfection strategies versus single-use devices
09:42-09:50	Video vs. Augmented Direct Laryngoscopy in Adult Emergency Department Intubations <i>Calvin Brown</i>	1.9 08:45-10:30 Innovation Session (<i>applicants via abstracts</i>) Chairs: Bernie Liban, Yasmin Endlich
09:50-09:58	Second Victim Response in Anaesthesiologists Following Difficult Airway Management: An International Survey <i>Jon Samuels</i>	08:45- 09:00 A Model for Ultrasound Assisted Cricothyroidotomy: Making a Mark Before Taking the Plunge <i>Michele Homsy</i>
09:58-10:06	Supraglottic jet Ventilation for Elective Laryngotracheal Surgery; 1300 Patient Experience in a Tertiary Referral Hospital <i>Karen Stacey</i>	09:00-09:15 Development of an Alexa-Enabled Cognitive aid for Emergency Front-of-Neck Access (eFONA) <i>Cyrus Razavi</i>
10:06-10:14	Emergency Front-of-Neck Airway: An Update from the Airway App <i>Laura V. Duggan</i>	09:15-09:30 Innovative Airway Device Allowing Staged Intubation and Extubation <i>Rafi Avitsian</i>
		09:30-09:45 Cric-Guide: A More Effective Scalpel for Surgical Cricothyroidotomy <i>Richard Vanner</i>
		09:45-10:00 iTraXS (Intra-Tracheal Multiplexed Sensing): An Optical Sensor Equipped endotracheal Tube <i>Andrew Norris</i>
		10:00-10:15 Novel Airway Stabilization System Protects Against Unplanned Extubation by Increasing Resistance to External Force <i>Scott Bourn</i>

10:14-10:22	Cannula Cricothyroidotomy in Simulated "Cannot Intubate, Cannot Oxygenate" Scenarios Using a Live Anaesthetised pig Model. <i>James Anderson</i>	10:15-10:30 Discussion
10:30 – 11:00	Tea & Coffee/Exhibition Exhibition Halls 1&2 Poster Judging / Plenary Lecture Hall Alcoves	
11:00 - 12:00	Session 11 – Airway Management in the Critically Ill Chair: Andy Higgs 11:00-11:15 The Global tracheostomy project <i>Brendan McGrath (UK)</i> 11:15-11:30 The Physiologically Difficult Airway <i>Jarrod Mosier (USA)</i> 11:30-11:45 The Intensive Care Unit: Logistical challenges to Airway Management <i>Elizabeth Behringer (USA)</i> 11:45-12:00 Discussion	
12:00 -13:15	Session 12 -International airway cases – Is there a global consensus Chair: Michael Seltz Kristensen <i>Michael Seltz Kristensen, Denmark</i> <i>Lauren Berkow, USA</i> <i>Barry Macguire UK</i> <i>Wendy Teoh, Singapore</i> <i>Laura Duggan, Canada</i> <i>Vladimir Nekhendzy, USA</i> <i>Tolga Saracoglu, Turkey</i> <i>Andy Higgs UK</i> <i>Arnd Timmerman, Germany</i> <i>Lorraine Foley USA</i>	
13:15-14:15	Lunch (Exhibition Halls 1 & 2) Poster Judging (Plenary Hall, Ground Floor)	
13:15-14:15	DAS AGM 1.20 SAM AGM 1.1 EAMS AGM 1.4	

<p>14:15 -15:30</p> <p>14:15-14:40</p> <p>14:40-15:30</p>	<p>Session 13 Chair: Ellen O’Sullivan</p> <p>Principles for Universal Management of Airways (PUMA) Project Universal Guidelines <i>Carin Hagberg (USA) / Nick Chrimes (Australia)</i> Discussion</p> <p>WAMM Projects Chairs: Anil Patel, Ellen O’Sullivan, Elizabeth Behringer</p> <p>A) Nomenclature <i>Kariem El-Boghdadly</i></p> <p>B) High Flow / THRIVE Consensus <i>Anika Sud</i></p> <p>C) Global Capnography Project <i>Fiona Roberts</i></p> <p>D) The Future of WAMM <i>Elizabeth Behringer, Ellen O’Sullivan, Anil Patel</i></p>	<p>14:15-15:30 Expert Sessions 3 (1st Floor)</p> <p>1.20 The difficult airway in Paediatrics</p> <p>1.9 Airway management challenges in the Obese patient</p> <p>1.4 Controversies in the use of Supraglottic airway devices– new trends and concepts</p> <p>1.2 DART and DAARC - Difficult Airway Response Team and Difficult Airway Algorithm and Rescue Cricothyrotomy</p> <p>1.6 Airway management in the prehospital and emergency departments- disasters, challenges solutions</p> <p>1.5 The history of airway management, innovations and device development</p> <p>1.10 Human performance when things go awry during airway management</p>
<p>15:30-15:45</p>	<p>Comfort Break</p>	
<p>15:45-17:00</p> <p>15:45-16:00</p> <p>16:00-16:15</p> <p>16:15-16:30</p> <p>16:30-16:45</p> <p>16:45-17:00</p>	<p>Session 14 - Most important Airway papers 2015-2019 Chair: Richard Cooper</p> <p>Anaesthesia - <i>Andy Klein</i></p> <p>BJA - <i>Hugh Hemmings</i></p> <p>CJA - <i>Hilary Grocott</i></p> <p>EJA - <i>Tino Greif</i></p> <p>Anesthesia&Analgesia -<i>Sim Jagannathan</i></p>	
<p>17:00-17:30</p>	<p>Prize Giving & Closing Remarks <i>Executive Committee and Society Presidents</i></p>
